LAMPHERE FOUND GUILTY OF ARSON

Man Accused of Murder of Mrs. Belle Gunness and Children Gets a Compromise Verdict.

Has Been Sentenced to State Prison for Indeterminate Term of From Five to Twenty Years and Fined \$5,000.

Laporte, Ind.—Ray Lamphere, charged with the murder of Mrs. Belle Gunness and her three children by setting fire to the Gunness home April 28, was on Thursday evening found guilty of arson by the jury, which had the case since 5:30 o'clock Wednesday evening. Within five minutes after the verdict was reported Judge Richter had sentenced the defendant to the state prison at Michigan City for an indeterminate term of from two to twenty-one years, fined him \$5,000, and disfranchised him for five years.

Attorney Worden, for the defense, said Thursday night that a motion for a new trial would be made, and, should it be refused, an appeal to the Indiana supreme court would follow. Should the case be carried to the supreme court and sent back for retrial, Lamphere could not be tried on any charge in this particular case excepting arson, the crime of which he was convicted. However, in an event of that kind, the state would elect to try him on one of the indictments, probably the Helgelein case.

Members of the jury are reticent in discussing what occurred in the jury room, but enough has been learned to know that but for two members Lamphere would have been found guilty of murder or manslaughter, the verdict being a compromise. Several members of the jury, it is understood, held out long for murder in the first degree, with a life sentence. So far as could be learned, none was for hanging.

ANARCHY REIGNS IN HAYTI.

Wholesale Executions in Progress on Both Sides.

New Orleans.—According to a cable dispatch received by the Playmate from St. Thomas, D. W. L. private cable advices received there from Port au Prince are to the effect that the censored dispatches sent from Hayti only give a faint idea of the reign of terror now existing on that island.

The dispatch continues: "Anarchy reigns throughout Hayti and the country is literally running with blood. Private cables received here from Port au Prince state that wholesale executions are in progress, both by the government forces and the revolutionists. Persons who are suspected of sympathy with the insurgents are being summarily shot, by order of President Nord Alexis. The same course is being followed by the revolutionists, who have control of the southern portion of the republic.

CASTRO BOUND FOR EUROPE.

President of Venezuela Will Undergo a Surgical Operation.

Port of Spain, Trinidad.—President Castro of Venezuela arrived here on Thursday on his way to Europe, to secure expert medical attention. President Castro is accompanied by his wife, several members of his immediate family, and three Venezuelan physicians.

A number of launches circled around the Guadeloupe as near as the quarantine guard would permit.

Three Men Alleged to Have Plotted Against Dowager Empress.

St. Petersburg.—Telegrams received in this city on Thursday give an account of the discovery of an alleged plot upon the life of the dowager empress of Russia during her recent visit from Copenhagen to this city. Shortly before the train on which her majesty passed Ponderoy, three men were noticed acting suspiciously. They were approached by gendarmes and opened fire with revolvers. Two got away, but one man was arrested. This incident is the basis of sensational reports.

Youth Kills Stepfather.

Healdsburg, Cal.—Fred Ingelman, a 13-year-old lad, shot and killed his stepfather, John Day, who was engaged in brutally beating his wife. Day is said to have been drinking and returned home in an ugly mood. He greeted his wife by violently assaulting her. It is said, and when young Ingelman protested he was thrown to the floor and choked. The boy had previously armed himself and during the struggle with his stepfather he succeeded in getting a pistol out of his pocket and shot Day through the temple.

ARKANSAS TOWN SLOWLY SLIDING INTO THE RIVER

High Water May Result in Destruction of Town, Unless Course of River is Changed.

Pine Bluff, Ark.—While appealing as a last recourse to President Roosevelt for permission to cut through government levees and change the course of Arkansas river, leaving Pine Bluff high and dry, but safe, every available man in this city has been put to work strengthening already crumbling banks until the crest of a sixteen-foot rise passes this point, in an effort to prevent an overflow which would mean destruction of property valued at hundreds of thousands of dollars and possibly loss of life. Whether their efforts will be successful is problematical.

A large section of land thirty feet north of the walls of the county court house and Jefferson hotel, each valued at \$100,000 is slowly disappearing into the river, and warehouses along the bank, which have already been partly wrecked, may fall at any moment. Should the water break through the bank it seems certain several streets lined with business houses and a mile long would be destroyed.

NEW SECRETARY OF NAVY.

Mr. Newberry Succeeds Mr. Metcalf at Head of Department.

Washington.—Herbert L. Satterlee of New York, who was offered the position of assistant secretary of the navy, to succeed Mr. Newberry, who has been elevated to the head of the department, has wired the president his acceptance of the appointment.

Mr. Newberry was sworn in on Tuesday and participated in the cabinet meeting. He was accompanied to the White House by Mr. Metcalf, his predecessor, who formally presented him to the president's official family. The oath of office was administered to the new secretary of the navy department in the presence of Mrs. Newberry and Miss Carol Newberry, Mr. Metcalf, the chiefs of the bureaus and other officers of the service. In a brief speech Mr. Metcalf paid a high tribute to the new cabinet officers, Mr. Newberry responding in equally felicitous vein.

FEUDISTS SHOOT WOMEN.

Kentuckians Have No Regard for Sex in Their Warfare.

Lexington, Ky.—A sheriff's posse is searching the mountains of Laurel county for William Tyree and Robert Barnes, who are charged with the murder last Sunday of William Barnes and Mrs. Emma Taylor. The double murder was the result of a long standing family feud between the Whitaker, Mize and Barnes families, in which many people have been slain on both sides. According to the story told by Barnes' granddaughter, Tyree and Robert Barnes appeared at the home of William Barnes on Sunday, and, without giving William Barnes a chance for his life, shot and killed him. Mrs. Taylor appeared on the scene with a shotgun, but before she could fire she received the contents of a gun fired by Robert Barnes. The men then made their escape.

Succeeds Sargent.

Washington.—President Roosevelt has appointed Daniel J. Keefe of Detroit commissioner general of immigration, to fill the place made vacant by the death of Frank P. Sargent, and made known his intention to reappoint to their respective positions W. E. Crume, collector of the port at Charleston, S. C., and Martin Knapp, chairman of the interstate commerce commission. Mr. Keefe is president of the International Association of Longshoremen.

Jealousy Leads to Crime.

Simcoe, Ont.—An extraordinary shooting affray took place here, as a result of which Police Constable Wilkins has four bullets in his body and may die, and Chief of Police Malone is in custody charged with attempted murder. The wounded man says that the chief asked him to meet him in the park and he did so. They had not exchanged a word when the chief began shooting. Wilkins dropped unconscious. He was found shortly afterward and taken to the hospital. It is said to be a case of professional jealousy.

One Hundred and Twenty-six Killed.

Pittsburg.—State officials, mine owners and rescuers, when darkness fell Tuesday night, believed that all but two victims of the explosion in the Marianna mines of the Pittsburg-Ruffalo Coal company last Saturday had been recovered. At that time 126 bodies had been hoisted from the bottom of the shaft and turned over to undertakers. Twelve bodies were brought to the surface on Tuesday. These were found in various parts of the mine, many of them under wreckage of the roof and other debris.
